

TRENCHERS

GROUNDSAW EZ9000 & EZ9100

Specifications:

Rate of Cut:

Approximately 100' in 5 minutes
(subject to soil conditions)

Progressive Cutting Carbide Blade

Cuts hard soils and tree roots
Replaceable heavy-duty carbide
bits are very durable

Neat & Clean Trench

2.5" wide trench from 0 to 13"
deep

Engines:

The EZ9000 uses an 8 H.P.
Honda and the EZ9100 uses a
6.5 H.P. Honda. Both provide
ample power and torque for
trenching in tough conditions.

Weight:

250lbs. Easily loaded and
transported without having large
trucks or special trailers

GROUNDSAW®
By E-Z Trench®

CABLE INSTALLERS

TP400 CL3 & CL7

Specifications:

Progressive Cutting Carbide Blade

Carbide bits have excellent wear
factor and will cut through tree
roots, hard clay and soil

Rate of Cut:

Approximately 100' in 5 min.
(subject to soil conditions)

Easy to Steer

Create or follow any curved land-
scape beds with ease.

Centrifugal "Wet" Clutch Transmission

Maximizes power to the blade and
cushions sudden impact.

Compact & Light Weight

Weights only 150lbs. and has
folding handle for easy loading
and transporting.

Engines

Honda GX200 6.5hp with
Centrifugal "Wet" Clutch

E-Z Cable Installer

CL3 Model install wire 3.5" deep and
CL7 Model installs wire 7" deep.

Unique Features:

- » Superior Durable Wet Clutch absorbs sudden impacts and lessens belt wear; resulting in lower maintenance and more productivity. (Available on EZ9100 model only)
- » Customer Friendly Operation: Start the engine, squeeze the throttle, crank blade to desired depth, then gently pull.
- » Fast & Effective: Dig a 100 foot trench 2 1/2" wide x 13" deep in approximately 5 minutes (subject to soil conditions). Even cuts through tree roots.

Uses:

Irrigation, LP/Propane Gas Lines, Low Voltage Electrical, Drainage, Root Plumbing, Silt Fence (erosion barrier), Rental

Unique Features:

- » Installs wire or cable and backfills the trench all at once.
- » Superior Durable Wet Clutch absorbs sudden impacts and lessens belt wear; resulting in lower maintenance and more productivity.
- » Customer Friendly Operation.

Uses:

Install Hidden Pet Fencing, Install Low Voltage Landscape Lighting, Install Control Wires
